Sub: Pan India Seminar Series on Unlocking Growth Opportunities: FTA Utilization for Apparel Exporters in Bengaluru

Free Trade Agreements (FTAs) are playing an increasingly important role in enhancing India's export competitiveness by providing preferential market access, reducing tariff barriers, and opening new opportunities in global markets. However, effective utilization of FTAs requires a clear understanding of rules of origin, compliance requirements, and documentation procedures.

In this context, Apparel Export Promotion Council (AEPC) is organising a Pan India FTA Utilization Outreach Program across key apparel clusters including Bengaluru, Delhi NCR, Jaipur, Mumbai, Tirupur, Chennai, Kolkata and Ludhiana during the months of June to September 2026.

The program details of Bengaluru, Karnataka, are as given below:

- Date: 25-June-2026 (Thursday)
- Venue: Hotel The Capitol, Raj Bhavan Road, Bengaluru
- Time: 6:00 pm– 9:00 pm (followed by dinner)
- For registration please: [Click here](#)

The programme, titled “**Unlocking Growth Opportunities: FTA Utilization for Apparel Exporters**” aims to provide practical insights into:

- Key FTAs market opportunities
- Rules of Origin and compliance requirements
- Procedures for availing preferential duty benefits
- Government initiatives and support mechanisms

We encourage all members to actively participate and leverage this opportunity to strengthen their understanding and utilization of FTAs.

Yours sincerely,

(Mithileshwar Thakur)
Secretary General, AEPC
