During the Bihar Investors Meet in Delhi, Bihar Industries Minister Syed Shahnawaz Hussain and Principal Secretary, Industries Department, Sandeep Poundrik presented the Bihar Textile and Leather Policy 2022 and gave the detailed presentation about future plans of the industrialisation in the State. They also showcased the efforts being made for the industrialization of the State in front of all the major exports of textiles and garments industry in the Country.

All the industrialists gathered in the Bihar Investors Meet organized by the Apparel Export Promotion Council (AEPC) praised the policy of Bihar and the steps taken for the industrialisation of the State. The big industrialists of textile and garments described the textile and leather policy of Bihar as the best in the Country as compared to the policies brought by many other States.

A Q&A session was also held in the Investors' Meet, in which the industrialists got complete information on the policy of Bihar and the status of infrastructure in the State, and also gave some important suggestions. Industrialists learned about many important topics including plug and play facility, common effluent treatment plant with zero liquid discharge (CETP/STP), solid waste management, trained manpower available in the State, electricity, night work policy for women, which was answered satisfactorily by the Industries Minister of Bihar, Syed Shahnawaz Hussain and the Principal Secretary, Industries Department, Government of Bihar, Sandeep Poundrik.

Addressing all the big industrialists and exporters of textiles and garments in the Investors Meet in Delhi, Bihar Industries Minister Syed Shahnawaz Hussain said that it is better to invest in Bihar than to invest in Bangladesh. This will not only benefit the country but Bihar will also be able to play its part in the strengthening of the Country's economy

Industries Minister Syed Shahnawaz Hussain appealed to all the industrialists to come to Bihar and see the reality closely and said that whatever resources, suitable infrastructure and policy level or other help from the government for the success of the industry, will be provided definitely.

In his address, Principal Secretary, Industries Department, Government of Bihar, Sandeep Poundrik said that infrastructure is being developed rapidly in Bihar with plug and facility and these facilities are being developed in those areas where textiles, garments and related facilities are being developed. Sufficient workforce is available for industries.
